*To the Reverend Missionaries at Umballa, Loodiana, Kangra, Umritsur, Lahore and Peshawur.*

*Dated Lahore, 11th September*, 1858.

REVEREND SIR,—I am directed to forward extract copy of Paras. 2 to 5 inclusive, of a letter from Secretary to Government N. W. P. to the address of Doctor Murray, relating to the extension of the Agra Medical School, and to suggest that you ascertain whether among the pupils of your educational institutions there are any lads desirous of entering the profession of Medicine. If there be, you might communicate with the Superintendent of the Agra Medical School, and the boys might go down to Agra by Bullock Train.

2.—From para. 9 of a recent letter from Doctor Murray (the present Superintendent) you will see the scope of the institution. Any further information you require, you can apply for to the Superintendent.

I have, &c.,

*Extract from letter No.* 1317, *dated* 30*th August*, 1858, *from Secretary to Government N. W. P., to Superintendent Medical School, Agra.*

2.—I am, however, to acquaint you that His Lordship is desirous that the school, as it now stands, should be made available for the training of a much larger number of youths in the knowledge and practice of Medicine; and there seems no reason why this should not be done at once.

3.—The Governor General therefore authorizes and instructs you to entertain as large a number of students at the monthly allowance already

sanctioned, viz. Rs. 6, as the institution on its present basis is capable of affording efficient instruction to.

4.—A copy of your report and of this reply will be forwarded to the Director General Medical Department, with instructions to afford you such aid through the Regimental and Civil Surgeons throughout these Provinces and the Punjab, as may be practicable, with the view of collecting students from various parts of the country.

5.—A copy of the Correspondence will also be furnished to the Punjab Administration.

I have &c.,

(Signed) W. MUIR,

*Extract from letter No. 51, dated 11th August 1858, from Superintendent Medical School, Agra, to Secretary to Government N. W. P.*

9.—In consequence of my promotion, my connection with the Medical School will soon terminate. It was instituted to educate Native Doctors for the *Civil Jails* and *Dispensaries* of the N. W. P. under my Superintendence, with the assistance of the Garrison Surgeon, and lately of the Superintendent of Vaccination, and two Sub-Assistant Surgeons. The report of the Director General shows the credit it has gained. It is now called on to supply Native Doctors for the *Military* and *Civil Services* of Bengal, the N. W. Provinces, and the Punjab. Such important duties should not be dependent on Officers whose regular duties allow them little spare time. It is highly necessary that duly qualified Officers should be appointed for the special duty of instruction, and the plan which I have purposed would answer the requirements of the present emergency.

I have, &c.,

*Civil Surgeon and Supt. Medical School, Agra.*

To

SIR J. LAWRENCE, G. C. B.,

PUBLIC WORKS DEPARTMENT,

*Fort William, 30th August* 1858.

*Ecclesiastical.*

SIR,—A question having arisen as to whether the Orders of Government of the 29th October 1856, which direct the repair, at the public expense, of Roman Catholic Chapels used as places of worship for the European Soldiers, and made over to Government, apply also to the dwelling houses of the Priest; I am directed to intimate that the Hon'ble President in Council has been pleased to decide, that the Priests' dwelling houses may be repaired at the public expense when forming a part of the Chapel, but that the Government cannot engage to repair such residences when they are separate from the Chapel, though in the same compound.

No. 4856.

*Extract from the proceedings of the Hon'ble the President of the Council of India in Council, in the Financial Department, under date the 26th August* 1858.

Read again the paper noted below on the subject of a Post Office Establishment for the Deccan Field Force.

Financial Order No. 2794, dated 21st May last, recorded on Home Extract No. 1066, dated 30th April.

Read the following papers on the subject of a Post Office Establishment for the combined Deccan and Central India Field Forces.

Endorsement from the Home Department No. 1588, dated the 23rd June last, and the papers accompanying it.

Letter from the Officiating Director General of the Post Office in India, No. 639, dated 13th ultimo.

*Resolution.*—On the 21st May last, this Government sanctioned the establishment noted in the margin,* for the Deccan Field Force under Brigadier Stewart.

| | Rs. |
|---|---|
| *1 Post Master,... | 75 |
| 1 Writer, ... | 25 |
| 1 Peon, .. | 7 |
| Rs. .. | 107 |

The Government of Bombay now reports that at the recommendation of Major-General Sir Hugh Rose, supported by His Excellency the Commander-in-Chief, that Government sanctioned on the 26th March last, pending orders from this Government, a Postal Establishment as per margin* for the Central India Field Force, with such establishment of runners as might be found absolutely necessary, the expense being charged for in monthly Contingent Bills; and that in a subsequent application, Sir Hugh Rose applied for a larger Postal Establishment, as per margin* on the ground that Postal communications have now to be established as the Force advances through the country, every Dak Chowky which existed before the rebellion having been removed, that a regular system of accounts has to be kept up and rendered to the Bombay Post Office, and that the junction of the two Brigades has entailed much additional labor on the Post Master.

| 1 English Writer, or Deputy, .. | 40 |
| 1 Moonshee,....... | 25 |
| 4 Delivery Peons, at 7.......... | 28 |
| Total Rs.,.. | 213 |

That Government report also that the Bombay Post Master General, referring to the Establishment sanctioned by this Government in May last, for the Deccan Field Force, in which the salary of the Post Master was fixed at Rs. 75 instead of Rs. 120 a month, that sum having appeared sufficient in consideration of the strength of Brigadier Stewart's Force, considers the larger Establishment proposed by Sir Hugh Rosĕ to be necessary for the combined Forces; and that agreeably to Article 105 of Jameson's Code, Lieut. Armstrong has been permitted to draw office tentage at 50 Rs per mensem, for the period during which he held the appointment of Post Master to the Central India Field Force.

The Director General of the Post Office in India, reporting on this application, states that the increase proposed does not appear to him excessive, and it is necessary he thinks to add to it a sum for Office contingencies which may be fixed at 10 Rs. a month, making the total cost of the Establishment Rs. 223 per mensem.

The Director General does not think that the scale of the Post Master's pay is open to particular objection, provided it includes the entire emoluments of the position; but if 120 Rs. is exclusive of the Office tentage (Rs. 50) allowed by the Bombay Government, the pay in his opinion is too high, compared with the salaries given to the Post Masters with* other Forces. It is possible, however, he thinks, that, without any knowledge of the circumstances on the part of the Post Office Department, the Post Master of every Field Force may have drawn some extra allowance, as such, under the sanction of the Military Pay Code, and the Audit of the Military Auditor General. He suggests therefore that, if such has been the case, a rule might, in future, be prescribed, that no extra pay be passed by the Military Department to any Officer on account of his performing Post Office duties, but that a fixed salary be paid from the Civil Department.

| * Post Master's salary | |

| General Havelock's Force, ............... | 75 |
| General Outram's Force, ............... | 75 |
| Sir C. Campbell's Army, ............... | 150 |

The Hon'ble the President in Council entirely concurs in the Director General's suggestion, and desires that it may be generally acted on in future.

His Honor in Council is also pleased to sanction the Establishment detailed above, costing Rs. 213 a month, provided the Post Master's salary of 120 Rs. includes the Office tentage (Rs. 50,) and to authorize the addition of 10 Rs. to that Establishment on account of Contingencies as suggested by the Director General.

Ordered.

Ordered, that a copy of the above Resolution be sent to the Home Department for communication to the Director General of the Post Offices in India, and to the Government of Bombay for the issue of the necessary instructions.

Ordered also, that a copy of the same Resolution be sent to the Military Department, and to the Government of Fort St. George, for the issue of the necessary instructions.

Ordered also, that a copy of the Resolution be sent to the Chief Commissioner of the Punjab for information and guidance.

Ordered further, that a copy of the same Resolution be sent to the Civil Auditor, Bombay, for information and guidance; and that a copy thereof be sent to the Civil Auditors, Fort William, Agra, Punjab, and Madras, for information.

READ again the following papers :—

Financial Consultation 2nd September 1853, Nos. 5 to 8, relative to the application for a Service Pension in favor of Davee Dutta, formerly a Moonshee under the Sikh Government, and late a Mohurer in the Lahore Jail.

Financial Consultation 30th November 1855, Nos. 23 and 24, regarding the application for a Service Pension in favor of Shahaboodeen, Extra Assistant in the Punjab, who had completed a service of 30 years, of which 23 years and 6 months were passed in the service of the Sikh Government.

Read an Extract from the Proceedings of the Hon'ble the President in Council in the Foreign Department, dated 4th instant, No. 2656, with enclosure.

OBSERVATION—In July 1853, the Chief Commissioner of the Punjab having recommended the grant of a pension of Rupees 100 per annum to Davee Dutta, formerly a Moonshee under the Sikh Government, and late a Mohurer in the Lahore Jail, this Government on the 30th August following, observed that, as a general rule, service rendered in a Foreign State by an individual who is afterwards taken into the service of the British Government on the conquest of such State, does not count as service entitling to Pension un-

der the ordinary Pension Rules; but as the applicant Davee Dutta was represented to be old and worn out, this Government allowed him a compassionate allowance of 100 Rupees per annum, subject to the confirmation of the Hon'ble Court.

The Hon'ble Court, in noticing this proceeding, remarked "we are not prepared to acquiesce in the admission of service under a Foreign Government, even if it could be satisfactorily proved, as constituting a claim to pension as if the service was rendered to our own. We are willing to grant relief in certain cases upon special grounds, and in this instance so far to comply with your recommendation as to allow to Davee Dutta a pension of 80 Rupees a month, commencing on the 1st of January last."

* Financial Despatch, dated 11th January 1854, No. 5, Para 2.

In accordance with that ruling, this Government, on the 29th November 1855, refused a retiring pension of 95 Rs. per mensem in favor of Shahaboodeen, Extra Assistant in the Punjab, who had completed a service of 30 years, of which 23 years and 6 months were passed in the service of the Sikh Government; and remarked that if the Chief Commissioner was prepared to recommend any special grant to this Extra Assistant on political grounds, this Government would not object to take the subject into consideration.

The Honorable Court, in reviewing this proceeding, remark in their letter in Political Department, No. 24, dated 2nd June, Para 26. "If the applicant by long service to the Sikh Government had earned any rights or privileges which were lost to him by our conquest of the country, it appears to us that we cannot ignore the obligations of that conquered State, when, as in the present case, the public servant transfers to our Government with his loyalty the advantages of his experience acquired under the rule of our predecessors. We wish you to consider the case of Shahaboodeen in this view.

Resolution.—This Government in the Foreign Department having called on the Chief Commissioner to state his opinion on the case of Shahaboodeen, the Hon'ble the President in Council directs that in future the principle now laid down by the Hon'ble the Court of Directors be carried out in supercession of all previous orders on the subject.

Order.—Ordered that a copy of the foregoing Resolution be sent to the Departments and Governments noted in the margin, and to the Chief Commissioners of Punjab and Oude, and the Civil Auditor, Fort William.

* Foreign Consultation, dated 11th January 1850, Nos. 49 and 53.

*Resolution.*—In sanctioning, on the 2nd January 1850,* the appointment of a number of Sub Assistant Surgeons and Apothecaries nominated by the Medical Board in November 1849. to the several new medical charges then vacant in the Punjab, this Government decided that the salary of apothecaries serving with Infantry Regiments should be Rupees 300 a month, and the salary of Sub Assistant Surgeons Rupees 150 per mensem, being 50 Rupees in excess of the regulated scale for the older provinces; and on the 8th July * 1852, it ruled that the advantage of higher pay should be continued to such Sub-Assistant Surgeons as were *originally appointed to Stations in the Punjab*, and accordingly sanctioned the continuance of the extra

allowance of 50 Rupees to a Sub Assistant Surgeon at Goordaspore, who was promoted from the third to the 2nd Grade.

Referring to these orders, the Chief Commissioner of the Punjab forwards applications from the Sub Assistant Surgeons* of Sirsa and Kurnal, praying to be placed on the same footing in regard to salary as Officers of their class serving in the Punjab, and recommends that as the Officers of this class attached to the Delhie and Hissar Divisions will now be liable to transfer to any of the Punjab stations, they may be allowed the higher rate of pay given in the Punjab; and being doubtful as to whether the Government did not intend that the extra allowance of 50 rupees should be withheld from all Sub Assistant Surgeons who might be appointed to the Punjab subsequently to the orders of 8th July 1852, there being some Sub Assistant Surgeons in the Punjab in the receipt of the higher rate of pay who arrived there after the date of those orders, the Chief Commissioner solicits that distinct orders may be passed on this point so as to prevent all mistakes in future. The Chief Commissioner thinks that as there is difficulty in procuring Sub Assistant Surgeons for the Punjab Territories, including the Delhi and Hissar Divisions, it would strengthen the hands of the local administration if all these Officers were allowed to receive the higher rate of pay.

* Of the 3rd Class.

The Director General of the Medical Department, in reporting on the above application, says that in consideration of the circumstances explained by the Chief Commissioner, it is advisable not only that the Sub Assistant Surgeons in the Delhi and Hissar Divisions should receive the Punjab rate of salary, but also that the Government Orders of the 2d January 1850 and those of the 8th July 1852, referred to above, should now be extended to all Sub Assistant Surgeons subject to the orders of the Chief Commissioner.

The Honorable the President in Council considers it expedient to comply with the recommendation of the Director General of the Medical Department, and accordingly decides that the orders passed by this Government in the Foreign Department on the 2nd January 1850 and the 8th July 1852, shall, as a general rule, apply to all Sub Assistant Surgeons under the control of the Chief Commissioner of the Punjab.

*Order.*—Ordered that a copy of the above Resolution be sent to the Foreign Department for information and for communication to the Chief Commissioner of the Punjab.

34. 35. Petitions complaining of partiality shown to the Christian converts, having been referred to the Commissioner, that officer's report satisfied the Lieutenant Governor that the allegations of the petitioners were groundless.

29. While disbursing an ample proportion of the revenues which we derive from the industry of the people of India, in support of our ecclesiastical establishments there, and while by no means discouraging or allowing our local officers to discourage that free access of Missionaries to every part of India, which has prevailed without any restriction whatsoever for nearly half a century, we cannot sanction the exercise, by any individual in the service of our Government, of zeal exhibited in a form which, we are satisfied, can only tend to retard real progress towards enlightenment and Christianity.

30. We have never desired to restrain the contributions of our servants in India to charitable and benevolent purposes, or to any object deserving of a Christian's sympathy: and we are well aware that in proportion to their means they are in the habit of bestowing substantial proofs of such good feelings in a degree which is not surpassed by the humane exertions of any class of persons, in any country. But the line which we must require you to draw for the strict guidance of all our Officers in India, is a clear separation of acts of private conduct from those in which official authority may be inferred to have influence.

31. After the present course of confusion, anarchy and bloodshed, some considerable time may elapse before the minds of the people can again be settled on any subject relating to our administration of their affairs; we would urge you therefore to spare no pains in enforcing on all public officers the most stringent rules of toleration. It is indispensable to the welfare of the British dominions in India, to maintain that condition of internal peace, under the influence of which our native subjects so long lived, generally secure and contented in perfect reliance on our good faith in abstaining from any covert designs against their religious feelings.

32. We have ever entertained a sanguine hope, that ultimately the healthy progress of society in India would be secured without compulsion, provided that every act of our administration is uniformly characterized by disinterestedness, morality, and justice, and that the country continue freely open to the benevolent exertions of Missionaries, wholly unconnected either with the force of Civil Government, or the armed display of the Military cantonment.

READ again the Financial Resolution No. 4103, dated the 26th July last, on the subject of travelling allowance to Mr. Hankey, Assistant Commissioner at Kurnal.

Read a letter from the Civil Auditor, Fort William, No. 2167, dated 9th August, 1858, reporting on the general question of travelling allowance to Officers removed from one station to another.

RESOLUTION.—On the 26th July last, this Government permitted Mr. Hankey, Assistant Commissioner, lately posted to Kurnal, to charge to Government, as a special case, his travelling allowance in consequence of his transfer from Bhagulpore to that station.

2—In connection with this case, the general question having arisen as to whether Officers who have been, or may be transferred from Bengal to other Divisions of the Presidency, for the convenience of the public service, are entitled to travelling allowance, the Civil Auditor, Fort William, was called upon to report on the subject. That Officer now states that in accordance with the existing Rules, Civilians on their first appointment are entitled to draw travelling allowance to join their appointment at 8 annas per mile. In Bengal, however, there have been cases where Civilians, on any subsequent transfer from one substantive appointment to another, have been allowed travelling allowance at 8 annas a mile for the distance travelled ; and on the formation of the Oude Commission, Covenanted and Uncovenanted Officers were allowed, under orders of the Government, travelling allowance at 8 and 4 annas per mile respectively, to join their appointments in Oude. The Civil Auditor is of opinion, therefore, that under these precedents travelling allowance may be granted to Officers transferred from one appointment to another for the convenience of the Public Service only, without any pecuniary gain to the Officers. It would be necessary, however, he thinks, that in such cases the Audit Offices should be duly informed of such transfers, to enable them to pass the allowances without further reference to Government.

3.—The Honorable the President in Council sees no objection to the practice being observed generally, and is pleased to decide that the usual rate of 8 annas per mile, in the case of Covenanted Civil Servants, and 4 annas a mile in the case of Uncovenanted Civil Servants, shall be allowed for the distance travelled, to all Officers who are forced to travel on the Public Service, but not to those who are removed from one place to another on promotion, or at their own request.

ORDER.—Ordered, that a copy of the above Resolution be sent to the Foreign Department for information, with reference to the Extract from that Department, No. 2317, dated 30th June last.

Ordered also, that a copy of the Resolution be sent to the Civil Auditors, Fort William, N. W. Provinces and Lahore.

SIR,—In continuation of my letter No. 841, Home Dept. dated 6th August, I am directed by the Honorable the President in Council to state, that the orders of the Honorable Court, conveyed in their Despatch in the Public Department, No. 86, of the 22nd June last, paragraph 38, must be held to apply to the unallotted portion, if any, of the sum already sanctioned by the Government of India for the support of Schools, by means of grants in aid in the Lower Provinces, and generally that no increase of expenditure above that actually now incurred on purposes connected with education, is to be allowed either by the Government of India, or by the local Governments, without the previously obtained authority of the Honorable Court.

S. Smith, a Clerk in the Delhi Post Office.

Resolution.

The Chief Commissioner of the Punjab states, that the Civil Auditor there has objected to pass a certificate for Rupees 50, admitted under his orders as succour money, in favor of Mr. J. S. Smith, a Clerk in the Delhi Post Office, on Rupees 10 a month, on the grounds that by the letter of the Rules passed by this Government on the subject, parties in receipt of salaries in excess of, and not below, 10 Rupees per month, are entitled to such indulgence.

The Hon'ble the President in Council desires that the Chief Commissioner be informed that the grant of the succour money to Mr. Smith is admissable under the orders passed by this Government on the 13th ultimo, on a reference from the Government of the North Western Provinces on the same subject, by which it was ruled that, " Government servants on 10 Rupees a " month, and under, should receive gratuities in " about the same proportion as has been provided " for persons on salaries in ex- " cess* of 10 Rupees and less " than 25 Rupees a month; " that is, that the gratuities " shall be calculated at five months' pay."

*PUBLIC DEPARTMENT.*

No. 52 of 1858.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

1. A volume entitled " General Report on Public Instruction in the Lower provinces of the Bengal Presidency, for 1855-56," has been sent to us, with other books, and printed selections from the proceedings of your Government, but without any letter from you on the subject.

2. It does not appear that any proceedings were held by you, or orders passed on the receipt of the above report from the Bengal Government.

3. Our attention has been drawn to the following passages in the reports of Mr. Chapman, Inspector of Education in Behar, which formed part of the volume referred to. The statements contained in these extracts appear to us of so much importance that we have deemed it expedient to address you at once on the subject of them, without awaiting the resolutions of your Government on the General Report, with which we expect to be furnished in due time.

" In addition to such obstacles as are peculiar to " no special period, I must here remind you, that " in judging of the results of our first quarter's ope- " rations, due weight should be given to the special " accidents which have militated against us dur- " ing that period; the principal of these was the " design of depriving the jail prisoners of their " lotahs. This is still universally believed to be " the opening act of a general scheme, of which " the Educational system is supposed to be a part, " for the forcible conversion of the natives to " Christianity. The fact is, the presentiment " is strong and by no means transitory, that " Government will not only attempt to make " its subjects Christians, but will succeed in " doing so. The conviction is shared in alike " by all classes and all sects, and I do not think " it is in the power of Government to remove it. " This uneasy feeling is ready to display itself on " the most trivial occasions, and the circulation " lately of a controversial appeal to the influential " Mahomedans throughout the country by some " person in Calcutta, was at once attributed to " Government, and has excited universal alarm " among both Hindus and Mahomedans, adding " materially to the difficulties which beset our " plans;" and,

" The reception of my subordinates by the " people generally continues tolerably satisfac- " tory, though they report to me that it is often " impossible to persuade the people, that the sole " object of Government is not a proselytising " one. I have already said, that I believe it to be " out of our power altogether to get rid of this " feeling;" also

" I am now able to confirm by my own expe- " rience, the existence of the strongest prejudices " against the educational measures on the part of " the people, prejudices that are only strengthened " by any attempt to reason against them. 'How " are we to believe,' said one set of villagers to " me, 'that Government will not interfere with " our religion, when we *see* the Missionaries who " are paid by them'? and from this ground I " could not drive them;" and afterwards,

" While, therefore, keeping up the theory of " eliciting voluntary effort, I find it to be the most " effectual and satisfactory course, in practice, to " take for my starting point, and to allow my sub- " ordinate to do the same, that it is the *order* of " Government, that people should now educate " their children, and that the people ought to be " satisfied that Government would not command " that which is not good for them. Having laid " down this principle, we then proceed to prove

"by every argument at our command, that in so "doing the Government has no intention what- "ever to interfere with the religion of its sub- "jects."

"I have been strengthened in my belief, that "the mode of proceeding described in the pre- "ceding paragraph is that which promises the "most speedy success, by the fact that Mr. "H. S. Reid arrived at the same conclusion "in the North Western Provinces, after a much "more lengthened and full experience than "I have had. If we can induce attention "to education by any means, experience will soon "enable the people to appreciate our present "motives."

4. We desire that you will express to Mr. Chapman the serious displeasure with which we have viewed his conduct, in thus inducing the natives, to believe, that it was the *order* of the Government that their children should attend the schools under his inspection.

5. It is our intention that it shall be entirely optional with the natives whether they will avail themselves of the facilities of education which we afford to them or not.

6. It is the duty of all Public Servants to carry out with good faith, the declared intentions of the Government under which they act. There is no safety for a state, if over-zealous individuals be permitted, in the execution of the duties entrusted to them, to substitute their own policy for that of the Government.

7. A Government must not be supposed to say one thing and mean another.

8. We have no reason, in reference to the reports which have been before us from the North-Western Provinces, to think, that the statement that Mr. H. S. Reid has there adopted the same mode of proceeding is correct; but if there should be any official information in your possession to satisfy you that it is so, or if on enquiry from Mr. H. S. Reid, you shall find that the same objectionable course has been pursued in the North-Western Provinces, as that which is reported to have been taken in Behar, you will intimate to that officer also our serious displeasure.

9. In the above passages and in many other parts of Mr. Chapman's Reports, there are statements of the most important character with respect to the apprehensions entertained by the natives, of interference with their religion on the part of the Government in their educational proceedings.

10. The Government will adhere, with good faith, to its ancient policy of perfect neutrality in matters affecting the religion of the people of India; and we most earnestly caution all those in authority under it, not to afford by their conduct, the least color to the suspicion, that that policy has undergone or will undergo any change.

11. It is perilous for men in authority to do, as individuals, that which they officially condemn. The real intention of the Government will be inferred from their acts, and they may unwittingly expose it to the greatest of all dangers, that of being regarded with general distrust by the people.

12. We rely upon the honorable feelings which have ever distinguished our service, for the furtherance of the views which we express. When the Government of India makes a promise to the people, there must not be afforded to them grounds for a doubt as to its fidelity to its word.

13. You will take such measures as you may think fit for giving the fullest publicity to this letter.

We are, &c.,

*Accountant Punjab,*

*To* THE DEPUTY COMMR. OF

*Dated Lahore, 22nd October*, 1858.

SIR,—I have the honor to request that you will in future, on receiving original specie remittances from any Treasury, afford immediate credit for the total amount ; leaving any deficiency that may, on examination, be found to exist between the invoice valuation and the actual amount for subsequent adjustment.

2.—No delay should be allowed in examining the remittance ; and in case of a deficiency, the amount of the deficit should be debited to " Remittances of the Revenue Department," intimation being given to the remitting Officer, to enable him to recover it from his Treasurer, and afford a corresponding credit under the same head.

3.—These instructions are not intended to apply to remittances, which are merely consigned to your Treasury en route to another.

4.—They will, however, apply to remittances originally consigned to you, and afterwards sent on to another Treasury without being opened by you ; in which case, they will be treated as fresh remittances, although the ultimate adjustment of any loss arising from deficiency will rest with the Officer who first started the remittance, and whose Potdar should have the option of remaining in charge.

5.—The instructions now conveyed correspond with those recently issued by the Accountant at Agra for the guidance of Treasury Officers in the N. W. Provinces at the suggestion of the Accountant General to the Government of India.

THE 18TH OCTOBER 1858.

The following Despatch from the Hon'ble the Court of Directors is published for general information :—

PUBLIC DEPARTMENT.

No. 129 of 1858.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

(Whole) Bombay Public letter, dated 2nd December, (No. 102) 1856.
Extract Paras. 82 to 88, and 89 to 93, India Public letter of 11th March 1857, No. 19.
Paras. 87 to 93, Madras Public letter of 26th August 1857, No. 18.
(Whole) India Public letter dated 12th November 1857.
No. 131, Extract Paras. 39 and 40, Madras Public letter dated 2nd February (No. 7,) 1858.

PARA. 1. The papers noted in the margin bring to our notice certain cases in which Civil Medical Officers in the various Presidencies have demanded excessive remuneration for their attendance on the families of Civil Servants of Government and of Military Officers in Civil employment, and apprize us of the measures adopted by you in consequence. The Notification of the 29th September 1857 lays down the principles on which your decisions in these various cases have been based.

These are, first, that the rule under which Civil Medical Officers are unquestionably entitled to remuneration for attendance on the families of Officers in Civil employment, is a just one and should be maintained; secondly, that Government should not interfere by the issue of any general regulation with the amount of such remuneration, but should not fail to mark by severe censure, or in extreme cases by removal from Civil employment, their disapproval of extortionate demands on the part of the Medical Officer.

2. We approve these principles laid down by you, and their application in the various cases now before us.

*Extract from the Proceedings of the Hon'ble the President of the Council of India in Council in the Financial Department, under date the 28th September* 1858.

READ again the following papers relative to the grant of casual leave to Uncovenanted Servants.

Endorsement from the Home Department, No. 795, dated 21st May 1857, with enclosures.

Financial Resolution, No. 2520, dated 12th June 1857.

Endorsement from Home Department, No. 544, dated 5th March 1858.

Financial Resolution, No. 1558, dated 19th March 1858.

READ an Endorsement from the Home Department, No. 1762, dated 10th July last, forwarding for consideration and orders a letter from the Secretary to the Government of Bombay, No. 1543, dated 26th June last, with enclosures, on the above subject.

READ another Endorsement from the same Department, No. 2281, dated 4th instant, forwarding for consideration and orders a letter from the Government of Fort St. George, on the same subject.

OBSERVATION.—Under the existing Rules and Orders passed by this Government, all Uncovenanted Servants are eligible to the following descriptions of leave of absence :—

1.—Privilege Leave for one month in every Calendar year, allowable, under Section VII. of the Uncovenanted Service Absentee Rules, in two instalments, with an interval of six months between them.

2.—Sick Leave, under Section V., to the limit of three years, of which for one year on half pay and for the remainder on one-third.

3.—Leave on Private Affairs, on half pay, under Section VIII., for six months, to be taken in one period only. A second leave cannot be taken before the expiration of six years from the date of return from the first Leave.

4.—Furlough on Private Affairs, under Section IX., for 12 months without Pay, but retaining appointment.

5.—Casual Sick Leave to the limit of 15 days in every Calendar year, on full pay, under Financial Resolution of 19th March 1858.

2.—On the 24th November last, the Government of Bombay ruled that in addition to the above descriptions of leave, Uncovenanted Servants may be allowed casual leave on Private Affairs for short periods; but this Government remarked, on the 30th April 1858, that no such leave as "Casual leave on Private Affairs" had ever been sanctioned by the Government of India, and that the order of the Government of Bombay allowing such leave should be cancelled.

3. Referring to this remark, the Government of Bombay now points out the inconvenience to which Uncovenanted Servants drawing 100 Rs. a month and upwards, to whom the letter of the Rules is strictly applicable, will be subjected. The Government states, "Any Servant of this class who may require leave of absence for a day, on urgent private affairs, (as for a death in his family, or the dangerous illness of a relative, or for the performance of some religious rite) must, under the decision now announced, take his day's leave either under Sec. VII. of the Absentee Rules, in which case he will not be able to take another day's leave on private affairs until the lapse of 6 months from his return to duty; or under Section VIII., in which case he will be precluded for the following 6 years from taking another day's leave of the same description."

4. In submitting these difficulties for the consideration of the Government of India, the Bombay Government also solicits attention to the fact that a much smaller number of Holidays is allowed in the Bombay Presidency than elsewhere.

5. The Madras Government makes a similar enquiry to that of Bombay, as to the manner in which absence caused by the sickness or death of relatives, funeral and other ceremonies, &c. is to be dealt with, there being no provision in the existing rules and orders to meet such cases.

RESOLUTION.—On the question of Holidays urged by the Government of Bombay, the President in Council remarks that this point has no connexion with the question of leave; seeing that all Servants may be absent on Holidays without any leave at all. and the Government of India has not interfered with the Bombay Government in fixing what Holidays it thinks proper.

2. In respect to Casual leave, His Honor in Council directs, after a careful consideration of the difficulties and inconvenience which an attempt to regulate such leave by general Rules is apt to produce, that the Financial Resolution of 19th March 1858, which limits the grant of Casual leave to 15 days in every Calendar year, be cancelled; and that it be left to the Heads of Offices subject to the orders of their own Government, to grant, at their discretion, casual leave of absence from Office in case of sickness, death of near relatives, &c. on condition that the local Government shall see that the discretionary power to be placed in the Heads of Offices is not abused.

3. Such casual absences from Office should not be reported to the Civil Auditor, but they should be systematically entered in a Book to be kept in each Office, and when an application for privilege leave may be received, the leave should be granted or refused with some reference to the entries in the Book. Reports, however, should be made, as at present, to the Civil Auditor in respect to the other descriptions of leave mentioned in the first part of this Resolution.

4. His Honor in Council further directs that so much of the resolution of 30th April 1858, No. 2585, as refers to Casual leave, be also cancelled; and that the Civil Auditors be called upon to report as to the extent to which the Establishment allowed them on the date specified in the margin* for the purpose of checking the entries in the Statements of leave of absence, will admit of reduction.

* Establishment of 150 Rs. per mensem, allowed to the Civil Auditor, Fort William on the 8th April 1858, No 1821.
Ditto of 120 Rs per mensem, allowed to the Madras Civil Auditor on the 13th August 1858, No. 4392.

Order.—Ordered that a copy of the foregoing Resolution be sent to the Home Department for communication to the Governments of Madras and Bombay, and that the original papers received therefrom, be returned.

Ordered also that a copy of the Resolution be forwarded to the Departments,* Governments† and Officers‡ noted in the margin, for information and guidance.

SUPPLEMENT

TO THE

# PUNJAB GAZETTE

## WEDNESDAY, NOVEMBER 3, 1858.

*Allahabad, Monday, 1st November,* 1858.

The Right Honorable the Governor General has received the Commands of Her Majesty the Queen to make known the following gracious Proclamation of Her Majesty to the Princes, the Chiefs and the People of India.

PROCLAMATION by the Queen in Council, to the Princes, Chiefs, and the People of India.

VICTORIA, by the grace of God, of the United Kingdom of Great Britain and Ireland, and of the Colonies and Dependencies thereof in Europe, Asia, Africa, America, and Australasia, Queen, Defender of the Faith.

WHEREAS, for divers weighty reasons, We have resolved, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in Parliament assembled, to take upon Ourselves the government of the territories in India, heretofore administered in trust for Us by the Honorable East India Company.

*Now, therefore,* We do by *these presents* notify and declare that, by the advice and consent aforesaid, We have taken upon Ourselves the said Government, and We hereby call upon all Our subjects within the said territories to be faithful, and to bear true allegiance to Us, Our heirs and successors, and to submit themselves to the authority of those whom We may hereafter, from time to time, see fit to appoint to administer the Government of Our said territories, in Our name and on Our behalf.

And We, reposing especial trust and confidence in the loyalty, ability and judgment of Our right trusty and well beloved Cousin and Councillor, Charles John Viscount Canning, do hereby constitute and appoint him, the said Viscount Canning, to be Our first Viceroy and Governor General in and over Our said territories, and to administer the government thereof in Our name, and generally to act in Our name and on Our behalf, subject to such orders and regulations as he shall, from time to time, receive from Us through one of Our Principal Secretaries of State.

And we do hereby confirm in their several offices, Civil and Military, all persons now employed in the service of the Honorable East India Company, subject to Our future pleasure, and to such laws and regulations as may hereafter be enacted.

We hereby announce to the Native Princes of India that all Treaties and engagements made with them by or under the authority of the Honorable East India Company, are by Us accepted, and will be scrupulously maintained, and we look for the like observance on their part.

We desire no extension of Our present territorial possessions, and while we will permit no aggression upon Our dominions or Our rights to be attempted with impunity, We shall sanction no encroachment on those of others. We shall respect the rights, dignity and honour of Native Princes as Our own; and We desire that they, as well as Our Own subjects, should enjoy that prosperity and that social advancement which can only be secured by internal peace and good government.

We hold Ourselves bound to the Natives of Our Indian territories by the same obligations of duty which bind Us to all Our other subjects; and those obligations, by the blessing of Almighty God, We shall faithfully and conscientiously fulfil.

Firmly relying Ourselves on the truth of Christianity, and acknowledging with gratitude the solace of religion, We disclaim alike the right and the desire to impose our convictions on any of Our subjects. We declare it to be Our Royal Will and pleasure that none be in any wise favored, none molested or disquieted by reason of their religious faith or observance; but that all shall alike enjoy the equal and impartial protection of the law; and We do strictly charge and enjoin all those who may be in authority under Us, that they abstain from all interference with the religious belief or worship of any of our subjects, on pain of Our highest displeasure.

And it is Our further will that, so far as may be, Our subjects, of whatever Race, or Creed, be freely and impartially admitted to offices in Our service, the duties of which they may be qualified, by their education, ability, and integrity, to discharge.

We know, and respect, the feelings of attachment with which the Natives of India regard

the lands inherited by them from their Ancestors; and We desire to protect them in all rights connected therewith, subject to the equitable demands of the State; and We will that generally, in framing and administering the law, due regard be paid to the ancient rights, usages and customs of India.

We deeply lament the evils and misery which have been brought upon India by the acts of ambitious men, who have deceived their countrymen by false reports, and led them into open rebellion. Our power has been shown by the suppression of that rebellion in the field; We desire to show Our Mercy, by pardoning the offences of those who have been thus misled, but who desire to return to the path of duty.

Already, in one Province, with a view to stop the further effusion of blood, and to hasten the pacification of Our Indian dominions, Our Viceroy and Governor General has held out the expectation of pardon, on certain terms, to the great majority of those, who in the late unhappy disturbances, have been guilty of offences against Our Government, and has declared the punishment which will be inflicted on those whose crimes place them beyond the reach of forgiveness, We approve and confirm the said act of Our Viceroy and Governor General, and do further announce and proclaim as follows:—

Our clemency will be extended to all offenders, save and except those who have been or shall be convicted of having directly taken part in the murder of British subjects. With regard to such, the demands of justice forbid the exercise of mercy.

To those, who have willingly given asylum to murderers, knowing them to be such, or who may have acted as leaders, or instigators in revolt, their lives alone can be guaranteed; but in apportioning the penalty due to such persons, full consideration will be given to the circumstances under which they have been induced to throw off their allegiance; and large indulgence will be shown to those whose crimes may appear to have originated in too credulous acceptance of the false reports circulated by designing men.

To all others in arms against the Government, We hereby promise unconditional pardon, amnesty, and oblivion of all offence against Ourselves, Our Crown and dignity, on their return to their homes and peaceful pursuits.

It is Our Royal pleasure that these terms of grace and amnesty should be extended to all those who comply with their conditions before the 1st day of January next.

When, by the blessing of Providence internal tranquillity shall be restored, it is Our earnest desire to stimulate the peaceful industry of India, to promote works of Public utility and improvement, and to administer its Government for the benefit of all Our subjects resident therein. In their prosperity will be Our strength; in their contentment Our security; and in their gratitude Our best reward. And may the GOD of all power grant to Us, and to those in authority under Us, strength to carry out these Our wishes for the good of Our people.

PROCLAMATION BY THE RIGHT HONORABLE THE GOVERNOR GENERAL.

*Foreign Department, Allahabad, 1st Novr.*

HER MAJESTY THE QUEEN

having declared that it is Her gracious pleasure to take upon Herself the government of the British territories in India, The Viceroy and Governor General hereby notifies that from this Day all acts of the Government of India will be done in the name of the Queen alone.

From this Day all men of every Race and Class, who under the administration of the Honorable East India Company have joined to uphold the honor and power of England, will be the servants of the Queen alone.

The Governor General summons them, one and all, each in his degree, and according to his opportunity, and with his whole heart and strength to aid in fulfilling the gracious will and pleasure of the Queen, as set forth in Her Royal Proclamation.

From the many millions of Her Majesty's Native subjects in India, the Governor General will now, and at all times, exact a loyal obedience to the call which, in words full of benevolence and mercy, their Sovereign has made upon their allegiance and faithfulness.

By order of the Right Hon'ble the Governor General of India.

*Form of Promissory Note to be observed for the future.*

FORT WILLIAM, *the 28th February* 1857.

PROMISSORY NOTE at 5 per CENTUM for Co.'s Rs.

The Governor General of India in Council does hereby acknowledge to have received from the sum of Company's Rupees as a Loan to the Secretary of State in Council of

August last, relative to the disposal of the forfeited portion of pay of an Office Clerk temporarily absent from duty.

Read a report from the Civil Auditor, Fort William, No. 2571, dated the 16th ultimo, on the above subject.

RESOLUTION.—The Secretary in the Department of Public Works enquires whether it is considered regular to permit the forfeited portion of the pay of an Office Clerk temporarily absent from duty, to be given to other Clerks of the Establishment in addition to their fixed salaries, in consideration of the additional labor imposed upon them by such absence. It appears to the Secretary that to give any additional emolument to any public servant over and above that appertaining to his Office, without special permission of superior Authority, is decidedly objectionable and open to abuse, and that it should not be permitted.

2. The Civil Auditor, Fort William, reports that the practice is not unusual, and that it appears to him to be unobjectionable, so long as the duties of the absentee are properly conducted and no extra expenditure is incurred. The receipt of the full salaries of two appointments, however, by the same Officer he considers objectionable under every circumstance, and he thinks that the award of the whole of the forfeited portion of the absentee's salary to his *locum tenens*, in addition to his entire pay, should not be permitted in cases in which the sum of the two exceeds the allowances of the highest paid appointment, unless the substantive salary of the Acting Officer is already in excess of that of the absentee.

3. The Hon'ble the President in Council is of opinion that the practice referred to by the Secretary in the Department of Public Works, is objectionable, and that the more expedient as well as regular course will be for the Head of an office to appoint an Acting man on the forfeited pay of the absentee, whereby the strength of the Office will be really maintained.

ORDER.—Ordered that a copy of the foregoing Resolution be sent to the Departments,* Governments† and Officers‡ noted in the margin, for information and guidance.

CIRCULAR No. 38.

*From* THE ACCOUNTANT, PUNJAB,

*To* THE DEPUTY COMMISSIONER OF

*Dated Lahore, 30th October*, 1858.

SIR,—It being the desire of the Supreme Government that the system of accounts should be generally assimilated to that which exists in Bengal, I have the honor to request that you will, at the close of the current month, dispense with the head of "Inefficient Balance," and open one of "Miscellaneous Advances."

*2nd.*—The head of account which is now prescribed, is more in accordance with correct principles of account, and provides for the due exhibition of the entire process of adjustment of an important class of payments. Under the present system, items of actual disbursement are shown up in the accounts, month after month, as balances outstanding against the Treasury, whereas they are, in fact, advances made, ordinarily, under established rule, and, therefore, susceptible of adjustment as such. Your attention is requested accordingly to the accompanying Rules bearing on the subject.

I have the honor to be,

Sir,

Your most Obedient Servant,

(Signed) HUGH SANDEMAN,

*Accountant, Punjab.*

*Punjab Accountant's Office, Lahore, The 30th October*, 1858.

RULES.

I.—On the 31st October, 1858, the head of "Inefficient Balance" is to be dispensed with in the public accounts, and a new head to be opened of "Miscellaneous Advances."

II.—All items existing under the head of "Inefficient Balance" on the above date, will be charged under the new head *in aggregate*, the details being given in the Quarterly Statement of "Miscellaneous Advances" prescribed in Rule IX.

III.—In future months all current disbursements, that would, under the present system, be shown under "Inefficient Balance," will be charged under the new head "By Miscellaneous Advances" *in aggregate*, and the details embodied in a statement of "Current Miscellaneous Advances," which must be appended to the Treasury account. This statement may be dispensed with for the months of July, October, January and April.

IV.—No vouchers are required; but each item in the detailed statement should be numbered in a consecutive monthly series, and give reference to the authority under which it was incurred.

V.—Credit must be afforded in aggregate under a head "To Miscellaneous Advances" for all items previously debited to it, in respect of which cash has been recovered, or proper vouchers have been subsequently obtained, even though the advance, and its final adjustment, be effected in the same month. By this means the charge would be written off to the proper department, under support of an adequate voucher, and the Cash Balance be increased in the case of a cash recovery.

VI.—A detailed statement of credits under this head must likewise be appended to the treasury account; a reference being given in the entries to the month in which the corresponding charge was made, and to the number of the item.

VII.—The head of "Miscellaneous Advances" will form the last entry in the Punjab Section of Account.

VIII.—A Memorandum must be appended to the Treasury accounts from November, 1858, showing the progress of Adjustment thus:—

| | | |
|---|---|---|
| Unadjusted advances at the close of last month, ... ... ... ... ... ... | Rs. | 2,50,000 |
| Add charged in this account, ... | „ | 50,000 |
| | „ | 3,00,000 |
| Deduct credited in this account, ... | „ | 1,00,000 |
| Advances outstanding, ... ... ... ... | „ | 2,00,000 |

IX.—A detailed statement of miscellaneous advances must be maintained in the Treasury Office, and a quarterly statement of "Unadjusted Advances," corresponding in every respect with that now submitted of "Inefficient Balance," with only a change of name, must be forwarded to the Accountant on prescribed dates for the quarters ending 31st July, 31st October, 31st January, and 30th April.

*EXTRACT from a Letter from the Secretary to the Government of India, Home Department, to the Secretary to the Government of Bengal, dated Council Chamber, 16th October 1858, No. 2275.*

1.—I am directed to acknowledge the receipt of your letter No. 1601, dated the 28th Instant, forwarding a memorial from Mr. O. Toogood, of the Bengal Civil Service, in which that gentleman makes the following requests:—

*First.*—"That your memorialist may be placed "in a position not inferior to that which he held "previous to proceeding on furlough.

*Secondly.*—"That your memorialist's passage "money from England to this country may be "repaid him."

*Thirdly.*—"That your memorialist may be "allowed his travelling expenses from Calcutta "to Monghyr."

*Fourthly.*—"That the time occupied by your "memorialist in the journey from London to Cal-"cutta, may be reckoned as service in this coun-"try."

*Fifthly.*—"That in the event of your memo-"rialist wishing to avail himself of the remainder

"of his furlough, granted to him on the 11th "March 1856, that the time occupied in his journey from this country to England, be also "reckoned as Service in this country."

*Sixthly.*—"That your memorialist's expenses "from whatever Station he may be at London, "may be defrayed on his reaching that city."

2.—Mr. Toogood is one of those Officers, who, being on furlough in England when the mutinies broke out, were ordered by the Hon'ble Court on the 3rd August to return to India forthwith.

9.—The second request made by Mr. Toogood, viz: that his "passage money from England to this country may be repaid him," will be forwarded for the consideration and orders of the Hon'ble Court.

10.—The third request, viz. that he "may be allowed his travelling expenses from Calcutta to Monghyr," cannot be complied with under the existing rules, for Mr. Toogood received deputation allowance from the date of his appointment.

11.—The remaining requests made by Mr. Toogood will be submitted to the Hon'ble Court for consideration and orders. The President in Council is of opinion, that every Member of the Civil Service ordered out from England, to whom not less than six months of his whole three years of furlough was remaining when he arrived in India, should be allowed six months in addition to the remainder of his furlough, which, under the Hon'ble Court's orders of the 26th August 1857, he is allowed to take hereafter; and that every Member of the service so ordered out from England, who had less than six months of his whole three years' furlough remaining when he arrived in India, should be allowed to add to the remainder of his furlough whatever privilege leave he may be entitled to, and take them both together. This view will be pressed upon the Home Authorities, and it will be recommended at the same time that all furlough thus given in excess of three years shall count towards the annuity as residence in India.

12.—The President in Council has been also pleased to resolve that every Member of the Civil Service, who was ordered out from England before the expiry of his furlough, shall draw, from the date on which he was first appointed to act in any office to the date on which he was or may be confirmed in that office, a special allowance which, together with his subsistence allowance, shall be equal to the full salary of the office; and that his total allowances thus settled shall be regarded as a substantive salary in respect to all deductions made in consequence of leave of absence, whether on account of sickness or otherwise. Provided that no Member of the Civil Service thus situated, shall receive, under this rule, more than the emoluments he was drawing at the time when he applied for and took his furlough.

CIRCULAR No. 99.

TO THE ACCOUNTANT, PUNJAB.

SIR,—I have the honor to inform you that, to meet the requirements of the Railway Company, a new form of Bill has been sanctioned by the Government of India, and will be introduced from the 20th instant.

2.—From the copy annexed, you will perceive that the form is that of a Post Bill, or Promissory Note, payable at sight at the General Treasury, or any Public Treasury especially authorized to Cash Bills, under the Governments of Bengal, the North-Western Provinces, or the Punjab, the Bills of each being printed on paper of a different colour, green, blue, and pink respectively.

3.—A specimen is annexed; and as the issue of such Bills will not be specially intimated by advice, like that of an ordinary Bill of Exchange, it is necessary that Treasury Officers discharging them should use due precautions against fraud.

4.—These Bills may be paid by Treasury Officers under special authority only of the Accountant General to the Government of India, which will be duly intimated to them, and they will be responsible for any deviation from the authorized limits. It is intended that they should be cashed at authorized Treasuries at the discretion of the Collector, and only when, from the state of the Cash Balance, it may be convenient to do so, and usually in favor of parties connected with the Railway for whom they are issued.

5.—Special care should be taken not to receive them from Bankers and others to whom they may have been negociated at a discount owing to a want of available assets in the Government Treasury; in such cases it is intended that they should be returned for payment to Calcutta.

6.—Attached to the Bill, and on the same sheet of paper, is a form of a receipt which must be surrendered on payment, and on the back of which the Disbursing Officer must require duplicates of all receipts or endorsements made on the Bill. On paying the Bill he will write on the face of it "paid on account of the Accountant General to the Government of India," with his name and official designation in full, transmitting the receipt to this Office by the post of the day, and retaining the Bill as his voucher for the payment in account, and charging it to the head "Railway Bills" subordinate to "Government of India."

7.—Unliquidated Railway Bills in the old form, duly advised, will be dealt with according to former practice.

I have &c.,

*2nd.*—The long termed prisoners should be sent to the Central Jail with the prescribed Descriptive Statements, notice being previously given to Dr. A. M. Dallas, the Superintendent.

*Military. Cantonments.*

Read the following papers on the subject of exempting Fort William at Calcutta, and its dependencies from the jurisdiction of the Commissioner of Police and of the Municipal Commissioners.

Resolution to Home Department, No. 5392, dated 6th November 1857.

Extract from Home Department, No. 2612, dated 15th December 1857.

Letter from the Junior Secretary to Government of Bengal, No. 2665, dated 17th November 1857.

Letter to the Secretary to Government of Bengal, No. 5633, dated 23rd November 1857.

Letter from the Town Major, No. 149, dated 4th July 1858—2 Plans.

Letter from the Deputy Quarter Master General of the Army, No. 3629, dated 21st July 1858 —1 Plan.

Letter from the Town Major, No. 192, dated 12th August 1858—1 Plan.

Letter from the Town Major, No. 211, dated 2nd September 1858.

Letter from the Acting Secretary to Government of Madras, No. 897, dated 11th May 1858—1 Plan.

OBSERVATIONS.—The President in Council observes that a Plan of the jurisdiction and dependencies of Fort William having been called for with a view to determining a question relative to the Municipal Acts of Calcutta, nearly a year elapsed before a Plan such as was required could be obtained.

2. Further, it is observed, that even now there is very great uncertainty as to the exact original boundaries of the dependencies of the Fortress, and that the Plan that has been submitted is only presumed to be a correct representation of the facts of the case based upon oral tradition, and not anything having authority as an authentic record of the ancient limits of the command of the Governor of Fort William.

3. It having been thought expedient to direct the preparation of Plans of the Cantonments of Ballygunge and Alipoor in connection with that of Fort William, it has in like manner come to light that no sufficient record existed of the boundaries of the Alipoor Cantonment, and a judicial proceeding was necessary before those boundaries could be settled.

4. On a reference to the Quarter Master General's Office at the Presidency, no satisfactory Plans of these Cantonments or of Fort William were forthcoming.

5. The President in Council is of opinion that measures should be taken to remedy the defects in the system of recording such Plans as these, as well as to ensure more completely the maintenance of proper boundary marks and records of boundaries of all Government lands, whether occupied for Military or Civil purposes.

6. With this end, instructions will be issued for the revision of the boundaries of all existing Cantonments, the correction of the recorded Plans where necessary, and the erection of the proper permanent boundary Pillars where they are not now in existence. Where there are doubts as to the exact limits of the Cantonment, the necessary steps must be taken to settle the question without loss of time.

7. The present Rules on the subject of Cantonment Plans (see Public Works Code, Chapter V. Section 1,) are to be strictly attended to. The Registers of Plans in the Offices of the Chief Engineer, of the Executive Engineer, and of the Quarter Master General, must be carefully kept up and revised. The Drawings in every case must be on such a scale and in such a detail, as to furnish a complete and indisputable record of the land to which they refer. Chief Engineers will be called on to report as to the present state of this particular branch of the records in their own Offices and in the Offices of all Executive Engineers. They will further take the necessary steps for making good all deficiences either in the Plans or the boundary marks, and will again report when these instructions are completely carried out.

8. Superintending Engineers will consider that it is one of their duties in their inspection tours, to examine these records in Executive Engineers' Offices and to bring to notice any defects that may be apparent.

9. The general rules as to the record of the

boundaries of land occupied as Cantonments are to be followed, so far as they are applicable in the case of land occupied by Public Buildings or Works of every sort not situated within a Military Cantonment.

10. In case of Buildings and Works directly under the charge of Public Works Officers, the Executive Engineer will be held responsible that complete and accurate Plans of all land, the property of Government, attached to such Works or Buildings, are kept up in his Office and are corrected from time to time as necessity may arise. Copies of these Plans are to be lodged with the Chief Engineer and with the Collector of the District. Likewise, one or more of the Executive Engineers' subordinates shall be made specifically responsible for the proper maintenance of the boundaries of plots of the Government land, and shall be expected to know accurately the exact limits of all the Government lands connected with the Department of Public Works in each Executive Division.

11. Where Public Buildings, &c., are not in charge of the Public Works Department, the Officer in responsible charge will be expected to maintain a proper Plan and proper boundary marks, as laid down above. Copies of Plans in this case will be lodged with the Collector of the District and with the Board of Revenue.

*Order.*—Ordered, that the Plans of Fort William and of the Cantonment of Alipoor and Ballygunge be transferred to the Home Department, with the correspondence above noted, and a copy of this Resolution.

No. 4011.

*Notification.*—In the year 1855, a Public Officer serving under Government of Bengal, with the cognizance of his immediate Official Superior, sold a house to a native gentleman living within his jurisdiction for 900 Rupees. There was not the remotest reason to suppose that the sale was in any respect otherwise than a fair transaction, but the matter having in due course been reported to the Hon'ble Court of Directors, the Court were pleased, in a despatch dated the 4th March last, to desire that sales of this description between public servants in India and Natives within their jurisdiction or beyond, should be strictly prohibited. The President in Council is assured that pecuniary transactions of an objectionable nature between public servants and Natives of India seldom, if ever, now occur ; and has the fullest reliance on the honor of the Queen's Servants in all Departments ; but transactions of the nature alluded to, though in themselves entirely fair, and perfectly free on both sides from all unworthy motives, are liable to misconstruction, and when misconstrued are no less mischievous in their effect than corrupt dealings. In conformity, therefore, with the instructions of the Honorable Court, all such sales are prohibited. Should a Public Officer be doubtful whether a transaction to which he desires to become a party comes within this prohibition, he will consult his superior Officer, and be guided by the instructions he may receive. A controlling Officer consulted on such an occasion will dispose of the case himself, or refer it for the orders of Government, as he may consider proper.

FROM G. F. EDMONSTONE, ESQ.,

*With the Governor General.*

To A. R. YOUNG, ESQ.,
*Secy. to the Govt. of Bengal.*

*Dated Allahabad, the 8th November* 1858.

Home Department.

SIR.—I am directed by the Right Hon'ble the Governor General to request, that the attention of all Officers exercising judicial or magisterial powers in the disturbed districts of Bengal, may be called to the Royal Act of amnesty, pardon and oblivion, which by command of the Queen has been proclaimed to the people of India.

2. Pardon is announced from the Throne in the following terms :—

"Our clemency will be extended to all offenders, save and except those who have been, or shall be, convicted of having directly taken part in the murder of British Subjects. With regard to such, the demands of justice forbid the exercise of mercy.

"To those who have willingly given asylum to murderers, knowing them to be such, or who may have acted as leaders, or instigators in revolt, their lives alone can be guaranteed ; but in apportioning the penalty due to such persons, full consideration will be given to the circumstances under which they have been induced to throw off their allegiance ; and large indulgence will be shown to those, whose crime may appear to have originated in a too credulous acceptance of the false reports circulated by designing men.

"To all others in arms against the Government We hereby promise unconditional pardon, amnesty, and oblivion of all offence against OURSELVES, OUR CROWN and DIGNITY on their return to their homes and peaceful pursuits.

"It is Our Royal Pleasure that these terms of grace and amnesty should be extended to all those, who comply with their conditions before the first day of January next."

3. The Hon'ble the Lieutenant Governor will be pleased to call upon all Officers holding Civil Authority under his Government, to give prompt and complete effect to the foregoing paragraphs of Her Majesty's Proclamation.

4. His Honor will direct that all Judges and Special Commissioners within the districts which have been or still are disturbed, shall forthwith examine the indictment, upon which each prisoner, whose case is now pending before them, has been committed to their Courts : and that, unless the crime charged involve the murder of British Subjects, or the acting as a leader or instigator of revolt, they shall immediately cancel the commitment, and remand the prisoners to the Magistrate who committed them for trial.

5. The Governor General further directs that Magistrates, and Officers in Executive charge of districts now or heretofore disturbed, may be instructed at once to desist from the prosecution or apprehension of supposed rebels or traitors, whose crimes do not fall under any one of the

three heads above specified, upon the condition that such persons consent to return, and do in fact return to their homes, and peaceful pursuits. And in respect of persons who may be under trial before them, the Officers in question should be desired, upon the same condition, to remove from the Calendar all charges of rebellion, or other political offences, provided that the parties accused or committed do not come within any of the three classes excluded from free pardon.

6. I am directed to add that all sentences passed before the 1st November, whether sentences on regular trial in presence of the defendants, or sentences of confiscation upon *ex-parte* proceedings held under Act XXV of 1857 in their absence, will hold good as having taken effect before the promulgation of Her Majesty's Act of pardon, amnesty and oblivion.

7. But, in cases of confiscation under Act XXV of 1858, wherever the defendants present themselves to the district Authorities within the period fixed by the Proclamation, the Lieutenant Governor is requested, on representation to that effect, favorably to re-consider the sentence, provided that such defendants were not participators in murder, or leading rebels, or instigators of revolt, or that, generally, any material grounds of extenuation can be adduced.

8. The Hon'ble the Lieutenant Governor will further be pleased to direct that no fresh decisions are to be passed for political offences against any persons, who do not come within the classes excepted from pardon, *viz*, murderers, those who have harboured murderers, leaders or instigators of revolt, and those, who continue in arms against the Government. This interdict is to be understood to extend to fines and confiscation under Act X of 1858 as well as under Act XXV of 1857.

9. The amnesty, it is to be observed, does not cover acts of private wrong and injury. But prosecutions on this account should be discouraged by district Officers, especially where the cause of complaint occurred during a season of anarchy. Where much time has elapsed, such cases should not be admitted, except upon strong *prima facie* grounds that a heinous offence, still calling for punishment, was perpetrated, or a heavy wrong sustained, which can now be redressed. And in all cases relating to the period in question, (excepting where the defendant may be charged with direct participation in wilful and deliberate murder,) compromise between the parties should not only be freely admitted, but recommended and encouraged.

10. The Royal Act of grace, I am desired to observe, includes mutineers and deserters, as well as rebels who have not been in the service of the Government; but, in admitting mutineers and deserters to the benefit of it, care must be taken to warn them that, while those, who have not directly taken part in the murder of British Subjects, may securely rely upon being left unmolested in their homes and in the prosecution of peaceful pursuits, those, against whom the Government may obtain evidence of having been directly concerned in the murder of British Subjects, will not be protected by a pardon from which they are expressly excluded, but will be sought out, and brought to justice.

11. To this end, as the Hon'ble the Lieutenant Governor will observe, it will be necessary that a full and accurate Descriptive Roll should be kept of all mutineers and deserters admitted to pardon. This should be done by the Magistrates, and a copy of each Register should be sent to you.

A certificate should be given to each mutineer or deserter dismissed to his home to the effect that he will in future be free from all molestation, as regards the past, unless he shall be chargeable with having taken part in the murder of a British Subject.

12. In those parts of Bengal, where rebels are still in arms against the Government, every exertion should be used by the Magistrate and other Civil Officers to make the leaders, and, so far as may be, their followers, fully acquainted with the conditions, upon which pardon is offered to them in the Proclamation.

If, after this has been done, and after it has become certain that the leaders have knowledge of the offer of pardon, they shall continue to commit acts of rebellion, and to oppose the authority of the Government, force may be used against them. The Lieutenant Governor will inform the Civil and Military Authorities that they are not to consider that, in such a case, they are debarred from using force by the fact that the terms of grace and amnesty are extended to all who comply with the conditions before the 1st January next.

13. In regard to determining the punishment of offenders, to whom the amnesty does not extend, I am desired to add the following remarks :—

14. Those, who have directly taken part in the murder of British Subjects, are alone excluded from mercy. In respect of these the law will take its course as heretofore.

15. To those, who having knowingly given asylum to murderers, or having acted as leaders or instigators in revolt, shall surrender themselves upon the terms of the Proclamation, their lives only are guaranteed. But the Lieutenant Governor is requested so to order that, in apportioning to these offenders their respective penalties, Judges, Special Commissioners and Magistrates shall be mindful of the promise, made in the Royal Proclamation, that full consideration will be given to the circumstances under which the offenders were induced to throw off their allegiance, and that large indulgence will be shown to those, who were deceived by the false reports of designing men.

16. In the Governor General's judgment the most guilty in this class of offenders are those, who, not content with resisting the Government in their own neighbourhood, have joined in the attacks made by murderers and plunderers in other parts of the country, thereby spreading violence and suffering far and wide, and those, who have intimidated or compelled others to join and sustain them in rebellion.

The most deserving of indulgence are those, who have had a share in saving the lives of English Subjects.

17. The Hon'ble the Lieutenant Governor will of course take care that each case brought

to trial shall be reported to him in weekly statements.

18. In conclusion I am desired to add that the Right Hon'ble the Governor General, confiding in the loyalty of every man, to whom judicial powers of any degree have been entrusted, calls upon each to exercise the discretion left to him in the merciful spirit, in which the Proclamation has been conceived.

I have the honor to be,
Sir,

Home Department.

Sir,—Adverting to the 10th and following paragraphs of my letter No., 519, dated 8th November 1858, I am directed by His Excellency the Right Hon'ble the Governor General to request, that the Hon'ble the Lieutenant Governor will make known to all officers concerned the following instructions regarding the treatment of sepoys belonging to regiments which murdered their officers.

2. All mutineers have been admitted to mercy with exception of those who may now or hereafter be "convicted of having directly taken part in the murder of British subjects."

3. Whenever it may be proved that a sepoy was present at the Head Quarters of his Regiment when the regiment murdered its officers or was present with a wing or detachment, similarly chargeable with murder, that fact alone will not be sufficient to convict him of "having directly taken part in the murder." But, unless there is ground for reasonable presumption that he was not implicated in aiding and abetting the murder, he is to be retained in custody for trial hereafter. If there is ground for such presumption, he is to be allowed to go to his home.

4. A report of every order retaining a sepoy in custody for future trial should be promptly made to you, with a Register showing the regiment, name, residence, &c. of the prisoner, and an outline of the evidence.

5. Where a sepoy is known to have belonged to a regiment which murdered its officers, but where there is no proof of his having been present at the quarters at which the murder took place, he is to be allowed to go to his home.

6. Sepoys allowed to go to their homes, under paragraphs 3 and 5 of this order, are to be warned that, if evidence should be found of their having been directly concerned in the murder of British subjects, they will be sought out, and brought to justice. The fact will be noticed in the certificate to be given to the sepoy under paragraph 11 of my letter, dated 8th November; and will also be noted in the Register, a copy of which is, under the same paragraph, to be submitted to the Bengal Government.

The following General Order is re-published from the *Calcutta Gazette*, dated 11th instant:—

No. 4069.

*Fort William, the 10th December*, 1858.

In part of the Edition of the *Calcutta Gazette* of the 4th instant, the word "house" having by

an error of the Press been substituted for the word *horse* in the Notification from this Department, No. 4011, dated the 3rd instant, the Notification in question is re-published :—

No. 4011.

*Fort William, the 3rd December,* 1858.

In the year 1855, a Public Officer serving under the Government of Bengal, with the cognizance of his immediate official superior, sold a horse to a Native Gentleman living within his jurisdiction for 900 Rupees. There was not the remotest reason to suppose that the sale was in any respect otherwise than a fair transaction, but the matter having in due course been reported to the Hon'ble the Court of Directors, the Court were pleased, in a despatch dated the 4th March last, to desire that sales of this description between Public Servants in India and Natives within their jurisdiction or beyond, should be strictly prohibited. The President in Council is assured that pecuniary transactions of an objectionable nature between Public Servants and Natives of India seldom, if ever, now occur ; and has the fullest reliance on the honor of the Queen's servants in all Departments ; but transactions of the nature alluded to, though in themselves entirely fair, and perfectly free on both sides from all unworthy motives, are liable to misconstruction ; and when misconstrued, are no less mischievous in their effects than corrupt dealings. In conformity, therefore, with the instructions of the Hon'ble Court, all such sales are prohibited. Should a Public Officer be doubtful whether a transaction to which he desires to become a party comes within this prohibition, he will consult his superior Officer, and be guided by the instructions he may receive. A controlling Officer consulted on such an occasion will dispose of the case himself, or refer it for the orders of Government, as he may consider proper.

Para. 2.—The term " Residence" in Section XXXI. of the Absentee Rules, and in paras. 2 and 3 of our Despatch in this Department, dated 28th December 1855, No. 113, must be construed as " residence in Actual Service," consequently a Chaplain will not be entitled to the higher rate of Furlough allowance till he has completed seven years of Actual Service, computed from the date of his arrival in India, nor will he be entitled to pension or retirement until he has completed an Actual Service either of 15 years, if appointed before the 11th January 1854, or of 17 years if appointed subsequently to that date. The time of absence passed on the ordinary privilege leave is, however, permitted to reckon as time spent on service.

THE ACCOUNTANT, PUNJAB,

*To*
THE DEPUTY COMMISSIONER OF

*Dated Lahore, the 20th December,* 1858.

SIR,—Observing in many of the returns of "Unadjusted Advances" large and numerous items on account of the different Local Agency Funds, I have the honor to inform you, that from these Funds being themselves of the nature of "Deposits," instances can never occur where it is necessary to make any advances on their account from the general revenues.

*2nd.*—In the rules promulgated by the Local Government for the administration of these funds,

under date the 18th of August last, it is enacted that "no money should be disbursed without the recorded consent of a *quorum*," on the receipt of which the Treasury Officer at once disburses and debits to the Fund; at the end of the month one bill for the whole month is countersigned by the President, and serves as a voucher for the disbursement. For large outlays legal sanction is obtained *in anticipation*, and once obtained, the outlay should be charged under its proper head.

*3rd.*—I have to request that you will lose no time in moving the Local Committee of your district to adjust every item of advance that may have been made on account of these funds, and that you will be careful to make no such advances in future.

*4th.*—I would observe, in conclusion, that the headings in the "Unadjusted Advance" account of the N. W. Provinces are not applicable to this Province since the introduction of the Punjab Committee Rules.

NOTIFICATION.

*Dated Lahore, 23rd December*, 1858.

The period having arrived when, in the Chief Commissioner's opinion, the operation of the Penal Acts of 1857, which has been from time to time extended over various parts of these Territories, may conveniently and properly cease, it is notified hereby that Acts XI. XIV. XVI. and XVII of 1857 are no longer to be carried out in any of the Punjab and Delhi Territories : and that no new trial will be held under them in any district after receipt of this order. Pending cases instituted under the Acts may be decided in the same manner. But any fresh trial that may be undertaken will be carried out under the ordinary law.

2. But if among the cases which may remain to be decided under the Acts, there be any requiring capital punishment, such case must, under a recent order from the Supreme Government, be reported to the Chief Commissioner, and must not be carried out without his confirmation.

R. TEMPLE,
*Secy. to Chief Commr.*

The following translation of a Vernacular Proceeding of the Chief Commissioner, dated 28th May 1856, regarding surrender of offenders accused of heinous crimes, being subjects of a foreign State apprehended in British Territory, and vice versa, is published for general information :—

Read a petition of Dewan Joala Suhae, Prime Minister of Maharaja Goolab Sing Bahadoor, Ruler of Jummoo, dated 8th April last, relative to the demand and surrender, on both sides, (British and Jummoo Government) of persons accused of crimes as before, detailing the character of crimes and soliciting suitable orders.

It is desirable that the same rules which are in force in accordance with the orders of Government in respect to the demand and surrender of offenders accused of heinous crimes between the British Government and the foreign States, should be made applicable to this State, (Jummoo) so that the rule in this respect with regard to all the foreign States may be *uniform*.

After examination of the Office record, a list of heinous crimes, for which parties committing them may be demanded or surrendered by either

State in accordance with the undermentioned rules, is given below.

1 *Abduction* of a female, whether married or unmarried, without her consent, attended with tumult or assault.

2 *Affray.*

3 *Arson* or Incendiarism.

4 *Assault* attended with violence and wounding, or the shedding of blood.

5 *Burglary.*

6 *Counterfeiting Coin.*

7 *Child Stealing.*

8 *Dacoitee.*

9 *Forgery.*

10 *Homicide.*

11 *Convicts* (under sentence for any of the crimes included in this category) escaped from prison.

12 *Murder.*

13 *Administering Poison.*

14 *Perjury.*

15 *Rape.*

16 *Highway Robbery.*

17 *Selling females.*

18 *Thuggee.*

19 *Theft exceeding* 50 *Rs. in value.*

20 *Cattle Theft.*

Except the 20 classes of crimes above enumerated, persons accused of petty theft under 50 Rs. value, or fornication, (Fel-i-Shemeea) or petty assault; or defaulters of revenue, or debtors in a civil case, and the like, will not be liable to be demanded or surrendered on the part of either Government. In such cases the plaintiff being a resident of Jummoo Territory, will have the option of prosecuting his claim either in British Courts, or in the Courts of the Jummoo Government. In the latter case, on the original proceedings of enquiry being forwarded by the Chief to a British Court, the claim of the prosecutor will be satisfied on its being substantiated in accordance with the established usage of the Court.

*Rules for the apprehension, demand and surrender of persons charged with heinous Crimes as enumerated above.*

*Firstly.*—Any person being a British subject having committed any crime of the class above enumerated in Jummoo Territory, if apprehended in that Territory, will be punishable by the Government of the Country. And in like manner any subject of the Jummoo Government, if apprehended in British Territory for a crime committed in that Territory, will be punishable by British Courts.

But the Maharaja may (if he so choose) forward a subject of the British Government so circumstanced to a British Court, for trial and punishment.

*Secondly.*—If a subject of the Jummoo State should commit any crime of the classes enumerated above within British Territory, or a subject of the British Government commit a crime in Jummoo Territory, and if the party, after committing such a crime, should escape to his home, then the British subject having committed crime in the Jummoo Territory, if found in British Territory, will not be liable to be demanded by the Jummoo Government. The Maharaja will, however, be at liberty to prosecute the party through his servants in British Court, which will award due punishment if the charge shall be proved, after enquiry.

But the Jummoo subject, who shall have escaped to that Territory, and traced there after having committed Crime in British Territory, will be liable to be sent to British Courts on being demanded by the British Authorities.

*Thirdly.*—Subjects of either State who should escape into foreign Territory, after having committed any of the Crimes above classified in their own Territory, will be liable to be surrendered on being demanded by either Government. Provided however that on demand being made upon the British Government for the surrender of an offender of this class, by the Maharaja, if the party accused shall have been residing in British Territory for a period of less than six months, the officer presiding on the local British Court, shall, before giving up the party, institute a summary enquiry to ascertain whether the accused be really guilty of the charge brought against him, to any extent; and should the guilt be imputable to the prisoner, he will then be made over to the Jummoo Authorities. But if the party so demanded by the Jummoo Government shall have resided in British Territory for more than six months, he will not be liable to be surrendered to the Jummoo Authorities, but will be liable to be prosecuted in British Court and punished on the charge being proved against him.

*Fourthly.*—If on the occurrence of any crime in the Jummoo Territory, tracks of the offender should be followed into British Territory, it will be the duty of the servants of the Maharaja to inform the local Police Officers, and to take steps through their medium for the apprehension of the delinquent. The Maharaja's servants ought not to act independently of the British Police. The Police Officers of the British Government should not, however, surrender to the Maharaja's Officers, any party who may be thus traced and apprehended without the permission of their District Court, whether he be a resident of foreign or British territory. But it will be the duty of the Police to report immediately the circumstances to the District Court and then act as they may be directed.

*Fifthly.*—In like manner, if the track of any heinous crime committed within British Territory, should be pursued into the Jummoo Territory, by Officers of the British Police, they ought to inform the Local Kardar, or Thanadar, and take steps for the apprehension of the delinquent through the Maharaja's Police. But British Police Officers ought not to act independently of the Local Officers of the Jummoo State.

Dewan Joala Suhae has detailed in his petition eight classes of criminals, each separately. Although his enquiries have been answered as above as a whole, yet to avoid any future doubt, a reply to each is recorded below, item by item :—

| *Classification of criminals in the petition of Dewan Joala Suhae.* | *Chief Commissioner's remarks.* |
| --- | --- |
| 1. A subject of the Maharajah commits murder in the Maharaja's territory, and afterwards escapes into British territory. 2. Ditto ditto escapes | The crimes here classified have been included in the Category of the 20 |

into British territory after wounding.

3. Ditto ditto, escapes into British territory, after committing theft.

4. Abduction of the wife of a subject of the Maharaja, by a person, who escapes with the woman into British territory.

What steps are to be taken in cases of subjects of *the British Government* committing any of the above crimes in Jummoo territory, if apprehended therein or in case they should escape therefrom.

classes of crimes given above, and the rules regarding the parties accused of those crimes have been described in detail in Paras. 1 to 6, of the Rules above detailed. It is not necessary to repeat them here.

5th.—Any party refusing to fulfil the promised betrothal of a daughter or sister escapes into British Territory, taking along with him the daughter, or sister.

In such a case the party will not be surrendered to the Maharaja. But the aggrieved party might prosecute his claim in the British Court of the district where the defendant may be residing, and on his claim being substantiated, such redress will be given to him as is usually awarded in such cases in British Court.

6th.—Any person in the service of the Maharaja, from whom any sums are due to His Highness, flies into British Territory, what should be done in this case.

7th.—A person is sent to make purchases at Lahore, Umritsur, or Jullundur, for which purpose he is supplied with money. But the man refuses to refund the money, and does not fulfil his commission, what is to be done in such a case.

Both these queries are answered together. The orders contained in para. 5 of the rules above mentioned will be applicable in this case, i. e. the party might be prosecuted in the District Court where he may be residing.

In the concluding portion of his petition the Dewan observes that "the territory "of the Maharaja is Hilly "and submontane. If criminals should escape with "impunity and find asylum "in British Territory, the "people of the Hills and "Submontane country will "be encouraged to commit murders, highway "robberies, and thefts."

These words would seem to imply a fancy of the Dewan that the Jummoo administration is superior to that of the British Government. But he should recollect that in the territories subject to British rule, Thanas and Chowkees are established at immense cost for the preservation of the happiness and comfort of the people, the security of which is the first object of the British Government. And the administration is so vigorous and strong that none of the foreign states can shew any thing like it existing in their territories.

Whereas the enquiries of Dewan Joala Suhae have all been answered as above, and it is desirable that this proceeding be acted upon.

It is hereby ordered, that a copy of this proceeding be forwarded under cover of short Khurreeta to the Maharaja with a request that he will act accordingly. Copies also to be forwarded with a transmitting English letter to each of the Commissioners of Peshawur, Lahore, Jhelum and Trans Sutlej States, with a request that they will furnish their subordinate District Officers with a Copy thereof for their guidance.

SIR,—As considerable doubt prevails on the subject of exemptions from payment of tolls levied at Ferries, and many persons, more particularly the members of the European community, who are not entitled to exemption, claim the privilege of crossing and recrossing the rivers free, I forward a set of rules, in English and Vernacular, detailing the cases in which toll shall not be demanded.

Judicial (Miscellaneous.)

2. These rules, which are based on Act VIII. of 1851, should be strictly adhered to, in supercession of those referred to in this office Circular No. 1, of 1854, and no one should be allowed to cross the rivers without payment of toll, unless specially exempted.

3. One or more copies of these rules should be hung up in a conspicuous place, at each Ferry, and shown, when required, to those from whom toll is demanded.

Sir,

THE DEPUTY COMMISSIONER OF

*Dated Lahore, the 21st December*, 1858.

Sir,—With reference to the delay which exists in many of the Punjab Treasuries in the transmission of the Quarterly Report of "Unadjusted Advances" to this Office, I beg to direct your attention to para 6, page 4 of the Accountant's Manual, and to request your adherence to the rule there laid down.

*2nd.*—These returns are required quarterly, and are intended to exhibit your unadjusted accounts as they stand at the close, that is on the last day, of each quarter of the official year. They should, therefore, be *closed* on those days, and there can be no possible excuse for keeping them open after those dates. In order that ample time, however, may be given to Treasury Officers to prepare the accounts thus closed, for transmission to this Office, a period of twenty-five days is given, and at the expiration of that period they *must* (vide Manual page 13) be punctually transmitted.

*3rd*—I need scarcely observe, that if the account is properly kept, and regularly closed at the expiration of each quarter, this allowance of time is amply sufficient for the preparation of the return; and I have, therefore, the honor to request that in future the Quarterly Reports of unadjusted advances may be invariably transmitted to me on the dates fixed for their submission, or the cause of delay notified to me by separate letter on the dates when they become due, and that a copy of the said letter be submitted to the Commissioner of your Division for his information.

No. 958.—The following Proceedings of the Hon'ble the President of the Council of India in Council, is published for general information:—

No. 1469.

*Extract from the Proceedings of the Hon'ble the President of the Council of India in Council.*

PUBLIC WORKS DEPARTMENT,
*Fort William, 1st April* 1858.

*Military.*

READ letter No. 1797, dated 11th ultimo, from the Director General, Medical Department, forwarding copy of a Report by the Superintending Surgeon, Barrackpoor Circle, on the temporary Barracks, &c., now in course of construction at Raneegunge.

*Observations.*—The Hon'ble the President in Council observes that Captain Yule, having visited Raneegunge on his way to Allahabad, has made certain recommendations as to improvements that should be made in the temporary Barracks at that Station, which appear judicious, and may be generally approved.

2. With reference to the very important matter of the conservancy arrangements of the Station, the Hon'ble the President in Council desires that stringent measures should be taken to put a stop to the indiscriminate defiling of the ground around the Barracks which seems now to be permitted.

3. His Honor in Council would take this opportunity of pointing to the very loose habits which almost every where prevail in Indian Towns and Cantonments, with respect to this matter. It cannot be doubted that the practice of permitting the outskirts of Towns, and Bazars, to be defiled promiscuously with human ordure, and offal of all sorts is no less objectionable, as regards health, than it is disgusting to every person of ordinary refinement. The practice is one which experience has shown may be easily put a stop to, by the erection of public Necessaries at suitable places, and the establishment of a suitable Establishment of Scavengers to keep them properly cleaned. The local Town or Cantonment Funds will usually supply the means of entertaining such an Establishment, or, where it may be necessary in Military Stations, the Government will be prepared to sanction what is necessary to effect so important an object. The ordinary Police should at once be able to stop all irregularities; when by the erection of suitable public Necessaries, no excuse remains to any one to defile the streets or fields near his residence.

4. The Officers of the Public Works Department will be directed to co-operate with the Military Authorities in causing the construction of public Necessaries in all Cantonments, and the subject should be referred to the Military Department for re-consideration and the issue of such further orders as may be thought necessary in that Department.

5. The attention of the local Governments may also with advantage be generally invited to the importance of establishing public Necessaries in all large Towns, as opportunity offers. It is believed that progress has been made in this essential part of Municipal Police in many places, but the Cantonments of European Troops, whose health it is so essential for us to secure, being usually in the proximity of the chief Towns; an additional reason is now given for attention to this subject.

ORDERS.—Ordered, that Instructions be issued to the Bengal Government, relative to the temporary Barracks at Raneegunge.

* * * * *

Ordered that copies of the above correspondence be transmitted to the Military Department, with a view to the issue of the necessary orders for carrying into effect the objects adverted to in paragraph 12 of the above letter to the Government of Bengal.

Ordered also, that a copy of this Resolution be forwarded to the Military Department, for further consideration and orders, and to the Governments of Bengal, No. 1469 A, and the North-Western Provinces, No. 1470, and the Chief Commissioner of the Punjab, No. 1471, for information and guidance.

(True Extract.)

R. STRACHEY, *Lieut. Col.*,
*Offg. Secy. to the Govt. of India.*

PUBLIC WORKS DEPT.,
*The 1st April* 1858.

*From Major* G. W. WILLIAMS, *Supt., Cantonment Police, N. W. Provinces, to* W. MUIR, *Esq., Secy. to Govt., N. W. Provinces, No.* 38, *dated Camp Dehra, 17th June* 1858.

SIR,

I have the honor to submit a Report from the Cantonment Joint Magistrate of Meerut, on the public Necessaries built in the Bazars of that Station, and to recommend that Rupees 589-10-4, expended in excess of the Estimate passed by Government Order No. 2534 of the 16th December 1855, may be sanctioned.

2. The most favorable feature in the Report is, that these Necessaries are now frequented, thus aiding sanitary measures for the preservation of health, and moreover, instead of being a tax on the Cantonment Police Funds, adds to its means, as the rental of the three Necessaries reported on yields Rupees 510 yearly.

3. Public Necessaries were first established in the City of Agra by the Magistrate, Mr. M. Gubbins. For some time they were exceedingly unpopular; native females refused to enter them if the seats were enclosed. They took a favorable turn when farmed to the Owners of the famed Melon Beds, on the banks of the Jumna.

4. The Necessaries built in the Agra Cantonments, from being situated on its outskirts, and too far from the Bazars, failed. The Sepoys of the Native Regiments positively refused to use them, though sweepers were kept up for the purpose of keeping them clean. It is therefore requisite to build Necessaries in or near Bazars, and a careful watch kept over their cleanliness. Those inspected by me lately at Meerut were clean, but the Cawnpoor Necessaries, especially the one at the Soobadar's Tank, I found exceedingly offensive when on my Inspection tour in 1856.
